Terminal Plan

Terminal and Vessel Plan Workshops
February, 2009

California Environmental Protection Agency

Air Resources Board

Questions About Terminal Plan

- Who needs to submit a terminal plan?
- When are the terminal plans due and who are they submitted to?
- What will ARB do with plan?
- What is required to be in a terminal plan?

Who needs to submit a terminal plan?

♦ Terminal receiving 50+ vessel visits in 2008 from affected ships

♦ Affected ships are
  – Container
  – Passenger
  – Reefer

When are the terminal plans due and who are they submitted to?

- Initial plans due July 1, 2009
- Plans to be submitted to ARB
- Updates due six months before next milestone
  - Only discuss any revisions to plan

What will ARB do with plan?

- ♦ ARB staff has 30 days to determine if the submitted plan is "complete."
- ♦ ARB has 60 days to approve or disapprove plan from date plan was deemed complete.

What is required to be in a terminal plan?

- Information required to be submitted depends upon compliance used by fleets
- General requirements
  - Ship activity
  - Shore infrastructure improvements
- Implementation schedule
